---

### Personal Profile

Hebei University of Technology, bachelor of law

2009-2011: Hebei Lingxiang Law Firm, Apprentice Lawyer, Full-time Lawyer

2012-2013: Beijing Guohan Law Firm, Full-time Lawyer

2014: Beijing Kaitai Law Firm, Full-time Lawyer

2015-Present: Beijing Blossom & Credit Law Firm, Full-time Lawyer

In her practicing career, Ms. FU Lili always focused on the civil and commercial litigation and non-litigation fields, including contract disputes, labor disputes, copyright disputes, trademark disputes, patent right disputes, marriage and inheritance disputes, etc.

She has extremely abundant practical experience in civil and commercial, and has handled many complicated and difficult civil and commercial disputes, which were highly praised by the parties involved.

Besides her post duties, she also actively participated in public benefit legal aid activities and legal popularization efforts. She provided consulting services multiple times for Haidian District Women and Children' s Activity Center, Haidian District People' s Procuratorate, and Beijing Lawyers Association to answer legal questions of visitors in detail and solve their confusion, for which she won the title of "Lawyer for Women' s Rights" .

### Representative performance

1. Represented a well-known state-owned enterprise in the case of trademark infringement and unfair competition. This state-owned enterprise made equity investment in two private enterprises several years ago. During the period of such investment relationship, the two private enterprises were allowed to use the well-known state-owned enterprise' s trademark in their names. Later, the state-owned enterprise exited the equity investment, and required the two private enterprises to stop using the state-owned enterprise' s trademark in

their names. Because the two private enterprises continued to use the state-owned enterprise' s trademark in their names in pursuit of benefits after the exit of the state-owned enterprise, the state-owned enterprise commissioned our lawyer to sue the private enterprises. Ms. FU Lili, handling this case as an attorney, not only won the trial but also completed execution. By now, both private enterprises have stopped using the trademark of the well-known state-owned enterprise, which saved incalculable losses of such well-known state-owned enterprise.

2. Represented clients in 4 cases of contract invalidation and won all the 4 cases so that the contracts were invalidated, saving economic losses of over RMB 20.00 million for the clients.
3. In a dispute of common property lease contract, successfully included the legal representative of the defendant, a property lease company, as an additional defendant, so that the legal representative was held jointly and severally liable to save losses of the client.
4. Successfully had the original judgment changed in the trial of the second instance for a work contract, hence releasing the legal representative of the defendant company from criminal liabilities.
5. Represented a well-known state-owned enterprise to complete compulsory liquidation at the people' s court for a foreign invested enterprise that had trouble in voluntary liquidation.
