Personal Profile

Lawyer Liu Bei graduated from the Department of Electronic Engineering, Tsinghua University, majoring in Radio Technology and Information Systems (1997-2001) and the School of Law, Tsinghua University, majoring in Civil and Commercial Law (2001-2004), respectively, with a Bachelor's degree in Engineering and a Master's degree in Law. I also attended John Marshall Law School in Chicago and obtained a Master's degree in Intellectual Property Law (2011-2012, Honorary Graduate), which qualifies me as a patent agent. Currently serving as a member of the Digital Economy and Artificial Intelligence Professional Committee of the Beijing Lawyers Association and a member of the Government Legal Advisory Committee of the Xicheng District Lawyers Association in Beijing. Selected into the talent pool of foreign-related intellectual property lawyers of Beijing Intellectual Property Bureau and the talent pool of foreign-related lawyers of Beijing Lawyers Association.

Lawyer Liu Bei began working in intellectual property law in 2004, specializing in providing intellectual property dispute resolution solutions for high-tech companies, including patent infringement disputes, copyright infringement disputes, trade secret infringement disputes, unfair competition disputes, and technology contract disputes. He is particularly skilled in providing overall intellectual property protection and rights protection solutions as well as legal guidance for technology research and development for high-tech enterprises. The patent ZL201410043892.3 "Lead Connection Device, Small Motor Application, and Assembly Method of Small Motor" written and represented has won the China Patent Excellence Award. Lawyer Liu Bei has been deeply involved in entrepreneurship in the field of artificial intelligence and has extensive experience in financing, legal, and management of high-tech start-up enterprises. At the same time, we also provide legal services to investment institutions and serve

as legal advisors for several well-known funds.

Lawyer Liu Bei has served and is currently serving clients including Alcatel, Nokia, Toyota, Toshiba VestasWind Systems A/S、 ZTE Corporation, National Energy Group United Power Technology Co., Ltd., Qinghai Measuring and Cutting Tool Group Co., Ltd., Jiangsu Leili Electric Machinery Co., Ltd., BOE (BOE), Lenovo Group, Sina.com, Meituan, Laiye Technology, Datang Telecom, Zhiwang Data Science and Technology Co., Ltd., Jiejiesi Technology Co., Ltd., etc.

Representative performance

• Endress and Hauser Europe Co., Ltd. v. Beijing Guda Instrument Co., Ltd., an invention patent infringement lawsuit, represented the defendant Beijing Guda. After multiple rounds of patent invalidation and administrative litigation, which lasted for five years, all three involved invention patents were ultimately invalidated and the plaintiff's claims were rejected;

• Swiss Tesha Co., Ltd. v. Qinghai Measuring and Cutting Tool Co., Ltd., patent infringement lawsuit, represented defendant Qinghai Measuring Tool, won the first instance judgment of non infringement, changed the judgment in the second instance, and the Supreme Court overturned the second instance judgment and upheld the first instance judgment after referral. This case was selected as a typical case of intellectual property rights in national courts in 2014;

• Panzhihua New Jiucao Product Factory v. Patent Reexamination Committee of China National Intellectual Property Administration, administrative litigation of invention patent, acting as the third party Yunnan Jinning Liqing Trading Co., Ltd., winning the lawsuit, and maintaining the plaintiff's decision that all patent rights are invalid;

• Wenzhou Top 100 Optics Co., Ltd. v. Wenzhou Zhongmin Glasses Co., Ltd., invalidation case of design patent, acting as the patent owner, maintaining the full validity of the patent rights, and reaching a settlement between the two parties in the subsequent administrative litigation first instance;

• Beijing Aiyi Education Technology Co., Ltd. v. Yinjiao 360 (Beijing) Technology Co., Ltd., sued for copyright infringement of music exam exercise works, represented the copyright owner, and won both the first and second trials.

- Responsible for providing patent related legal opinions on international arbitration of technical cooperation contract disputes between Guodian United Power Technology Co., Ltd;
- Develop intellectual property strategy for FAW Volkswagen Automotive Co., Ltd.
